

RAHUL UPADHYAY

Software Engineer | Data Engineering & AI Automation | Data Analyst & Data Science

Pune, India | +91 9762330053 | rahulmohanupadhyay@gmail.com | www.AiGenTrax.com

PROFESSIONAL SUMMARY

Software Engineer with 6+ years of experience spanning full-stack development (MERN), data engineering, and AI-driven automation. Currently working in a Data Engineering & AI Automation role, building data pipelines and automation workflows while developing applied skills in data analysis and data science, including Python (Pandas, NumPy), SQL, Power BI/Tableau, and foundational machine learning and statistics. Proven track record of building scalable web applications, automating business workflows, and translating data into actionable insights. Seeking to grow as a Data Analyst / Data Scientist while leveraging strong engineering fundamentals.

TECHNICAL SKILLS

Data Analysis & Data Science: Python (Pandas, NumPy), SQL & Relational Databases, Power BI, Tableau, Advanced Excel & Reporting, Statistical Analysis, Machine Learning Fundamentals, Data Visualization & Dashboards

Data Engineering & Automation: ETL/Data Pipeline Basics, REST APIs, n8n, Zapier, Workflow Automation, MongoDB, Firebase Firestore

Frontend: React.js, HTML5, CSS3, JavaScript (ES6+), Tailwind CSS, Bootstrap, Responsive Design

Backend: Node.js, Express.js, REST APIs, JWT Authentication, Middleware

State Management: Redux Toolkit, Context API, React Query

Dev Tools & Cloud: Git & GitHub, VS Code, Postman, npm/yarn, Vite, Webpack, Vercel, Netlify, Render, AWS S3 (basics)

AI & Automation: ChatGPT / Claude API Integration, Prompt Engineering, Midjourney, DALL-E

Digital Marketing (Secondary): Google Ads, Meta/Instagram Ads, SEO, Google Analytics, Meta Business Suite

PROFESSIONAL EXPERIENCE

Software Engineer – Data Engineering & AI Automation

Jun 2026 – Present

Elite Unique Services | Technology, Data & Innovation

- Working within the Technology, Data & Innovation team as a Software Engineer focused on data engineering and AI-driven automation initiatives.
- Building and maintaining data pipelines and workflows to support internal reporting, analytics, and process automation.
- Applying Python, SQL, and automation tools (n8n/Zapier) to streamline data collection, transformation, and reporting tasks.
- Collaborating with cross-functional teams to translate business requirements into data-driven technical solutions.

Digital Marketing & Web Executive

Jan 2025 – Jun 2026

Saurabh Flexipack Systems Pvt. Ltd. | Pune

- Built and maintained company website using React.js, HTML5/CSS3, and JavaScript for responsive, performant pages.
- Developed landing pages with optimised CRO elements that contributed to a 30% uplift in lead generation.
- Automated email marketing and WhatsApp broadcast workflows using n8n/Zapier, integrating with REST APIs.
- Leveraged ChatGPT and Claude APIs to automate content creation, reducing copy production time by ~40%.
- Ran Google Ads (Search & Display) and Meta Ads campaigns, managing A/B testing and audience segmentation.

- Represented the company at Inter FoodTech Exhibition, Mumbai, boosting brand visibility and sales pipeline.

Front-End Developer

Mar 2020 – Jan 2025

Sai Associates | Pune

- Designed and maintained responsive web applications using HTML5, CSS3, JavaScript, Bootstrap, and React.
- Optimised website performance, load times, and security; resolved cross-browser compatibility issues.
- Assisted in developing landing pages and implementing conversion rate optimisation (CRO) strategies.
- Collaborated with design teams to translate UI/UX wireframes into pixel-perfect, accessible components.

JavaScript Developer

Jul 2018 – Feb 2020

Askanta Infotech | Pune

- Built dynamic, interactive web applications using HTML5, CSS3, and vanilla JavaScript with cross-browser support.
- Participated in code reviews and version control using Git; improved app performance through code optimisation.
- Adopted modern ES6+ features and development best practices to enhance product quality.

KEY PROJECTS

AiGenTrax – AI Agency Website (Live)

React.js · Tailwind CSS · Node.js · Express · MongoDB · AI API Integration | www.AiGenTrax.com

- Designed and developed a fully live AI-powered agency website showcasing automation and AI service offerings.
- Built a modern React.js frontend with Tailwind CSS — featuring smooth animations, responsive layouts, and optimized UX.
- Integrated a Node.js/Express backend with MongoDB for contact form submissions, inquiry management, and a CMS-like admin panel.
- Connected external AI APIs (OpenAI/Claude) for live demo features, boosting user engagement and brand credibility.
- Implemented SEO best practices including meta tags, sitemap, and performance optimization (Lighthouse score 90+).
- Deployed on Vercel (frontend) and Render (backend) with CI/CD pipeline via GitHub.

ShopNow – Full-Stack E-Commerce Platform

React.js · Redux Toolkit · Node.js · Express.js · MongoDB · JWT · Razorpay/Stripe

- Built end-to-end MERN e-commerce application with role-based access (Admin / Customer).
- Developed product catalog with advanced filtering, search, pagination, and category management.
- Implemented secure JWT-based authentication with protected routes, refresh tokens, and bcrypt password hashing.
- Integrated Razorpay payment gateway with order processing, payment verification, and webhook handling.
- Created a full Admin Dashboard for product CRUD, order management, inventory tracking, and sales analytics charts.
- Used Redux Toolkit for global cart/state management and React Query for server-state synchronization.
- Managed product image uploads to AWS S3 via Multer middleware; MongoDB Atlas used for cloud data persistence.

EDUCATION

Bachelor of Computer Applications (BCA)

2015 – 2018

ASM CSIT, Pune

KEY ACHIEVEMENTS

- 30% increase in lead generation through automated email & WhatsApp campaigns using n8n/Zapier.

- 40% reduction in content production time by integrating AI APIs into the marketing workflow.
- Successfully launched AiGenTrax.com — a live AI agency website built end-to-end with the MERN stack.
- Delivered high-converting landing pages that improved campaign ROI for Google Ads and Meta Ads.
- Represented company at Inter FoodTech Exhibition, Mumbai — driving significant networking and sales opportunities.
